## INTEROFFICE MEMORANDUM

---

TO: All Staff  
FROM: Lindsay Dickieson  
SUBJECT: WEEKLY TESTING FOR STAFF WITHOUT COVID-19 VACCINATION  
DATE: JUNE 8, 2021

---

The Chief Public Health Office has updated the testing policies for staff in long-term care. If you are not yet vaccinated, you are required to get a weekly Covid-19 test. We are contacting the staff members who do not have a Covid-19 vaccination to make them aware of this change. There is also a video on our staff webpage and all the links are on our staff webpage.

Steps to get tested:

1. Book your appointment online:

You only need to get tested if you have not received a dose of the Covid-19 vaccination. If you are not sure if this applies to you, check with the front office.

<https://www.princeedwardisland.ca/en/feature/search-my-covid-19-test-results#/service/CovidNegativeResults/CovidNegativeResultsSearch>

2. Or call: 1-855-354-4358 to schedule an appointment.

3. Look up your test results are available online at:

<https://www.princeedwardisland.ca/en/feature/search-my-covid-19-test-results#/service/CovidNegativeResults/CovidNegativeResultsSearch>

4. Take a screen shot and send your test results to [office@themountcommunity.ca](mailto:office@themountcommunity.ca)

Thank you,

Lindsay Dickieson

The goal is to get to 85% of staff vaccinated in long-term care. The easing of restrictions is based on vaccination rates.
