

Families of The Mount:

We are fortunate to have 4 iPads from a previous project funded by the New Horizons Federal Funding program. We have these set up to FaceTime (Apple users) or Skype (Apple or android users). This is a new offering so we ask for your patience as we all learn how to use it.

To FaceTime: (Apple users only)

Before you FaceTime, send use an iMessage to tech@themountcommunity.ca with the following information:

Your name

Your loved ones name

The neighborhood they live in:

Community Care neighborhoods are:

Precious Blood

Orchard View

Sherwood Forest

Nursing Care Neighborhoods are:

St. Dunstan's Way

Hilltop View

Carriage House

Include some available times that we can call you. We'll call you from the iPad that's located in that neighborhood. All iPads get the texts so we need the info above to know which staff member / area should return your call.

To Skype:

You will receive a Bamtext with the link to skype for your area specifically.

Community Care:
